

TURTLE ROCK MAILBOX INSTALLATION UPDATE – August 20, 2021

Mailbox installation will resume on Wednesday, August 25th.

The schedule for installation is below. It is possible that your new mailbox will be delivered to your home prior to the date of installation. If it is delivered, it will be in a box and placed close to the front of your home. No action is needed on your part.

Following the installation, in approximately two weeks, Blooming’s will lay sod around the base of your new mailbox. The Board has decided that only sod is allowable at the base of the mailboxes. Please make sure that there are no stones, mulch or plantings around the base in order that the sod can be properly laid. In addition, please make sure the sod is regularly watered if we are not getting rain.

Date	Address
Completed	Great Meadow Drive, Far Oak Circle, Park Shore Lane, Benchmark Court, Sweetmeadow Circle (4810 - 4870), Hanging Moss Lane (4861-4812), (Hangining Moss Cul de sac, 4799 – 4787), Watermark Court, Sweetmeadow Circle (4717 – 4797), Timber Chase Way, Sweetmeadow Circle (4593 - 4629), Treesdale Court, Redbriar Court, Brooksbend Circle
Partially Completed – Finish 8/25-27	Sweetmeadow Circle (4633 - 4700), Glade Fern Court, Ridgelake Place
Begins 8/25-27	Meadow Rush Loop
Estimate week of 8/30	Deerbrook Circle
	Wildflower Court, Little Brook Court, Nice Way
	Sabal Lake Circle
	Savannah

Friendly reminders:

- Please remove all landscaping & hardscaping (not sod) within a 3.5 foot radius of your mailbox.
- Do not touch the mail post the day of installation so the cement can set.
- We have coordinated with the US Postal Service to hold your mail for one or two days while your mailbox is being installed.

If you have questions, please call Kathy Wells, 941-544-3508.

Thank you, Mailbox Task Force
