HAPPY ARBOR DAY

HAPPY NATIONAL ARBOR DAY!

The first American Arbor Day was originated in Nebraska City, Nebraska by J. Sterling Morton. On April 10, 1872, an estimated one million trees were planted in Nebraska.

Birdsey Northrop of Connecticut was responsible for globalizing the idea when he visited Japan in 1883 and delivered his Arbor Day and Village Improvement message. In that same year, the American Forestry Association made Northrop the Chairman of the committee to campaign for Arbor Day nationwide. He also brought his enthusiasm for Arbor Day to Australia, Canada, and Europe.

Arbor Day is a holiday in which individuals and groups are encouraged to plant trees. Today, many countries observe such a holiday. Though usually observed in the spring, the date varies, depending on climate and suitable planting season.

USE CAUTION AT CROSSWALKS

With the continued sunny weather, many people are out enjoying the great outdoors, and walking the tree lined sidewalks. Throughout Palmer Ranch, there are designed crosswalks. Some people misunderstand the purpose and meaning of a crosswalk, believing it is the only place pedestrians are *permitted* to cross the street. That is not the case. A crosswalk is where drivers are expected to yield (if possible) to pedestrians. Drivers approaching crosswalks – either marked or unmarked – must yield to pedestrians who are legally in the crosswalk and approaching closely enough to be in conflict.

Pedestrians cannot enter the crosswalk at any time they wish. One cannot expect a driver to do the impossible, such as coming to a stop from 45 mph in 100 feet. Pedestrians must give drivers adequate time and distance to react and stop.

On The Grounds

DWARF CONFEDERATE JASMINE (TRACHELOSPERMUM JASMINOIDES)

Confederate Jasmine grows as a neat tangle of slender wiry stems covered with thick glossy evergreen leaves that are long, oval shaped, and pointed at both ends. During April and May the plant goes two-tone as it flushes light green with new growth and tiny white blossoms appear. Pest-free, relatively easy to maintain, drought resistant and heavenly fragrant, Confederate Jasmine is probably the South's favorite flowering vine. It makes a good groundcover for large areas where it will scramble all over itself and may be sheared to maintain a consistent height.

Palmer Ranch uses Confederate Jasmine at the Palmer Ranch Parkway West / Beneva and McIntosh / US41 entrances.
