HONORING OUR VETERANS

Veterans Day is a time to thank those who are serving or have served and are still with us. Memorial Day is to reflect and remember those who lost their lives in service to their country. Confusing the two or combining the two diminishes the importance of both. As we approach the official Veterans Day, November 11th, we would like to honor our Palmer Ranch neighbors who are serving or have served in the armed forces. For this acknowledgement, we need your help. Please email Carrie (carrie@palmerranch.net) with the name, rank and branch of service of our Palmer Ranch veterans. We will feature their names in our annual Veterans Day Special Edition. Thank you.

Colors of the Ranch

GOLDEN RAIN TREE (*KOELREUTERIA PANICULATA*)

Golden rain tree is a fast-growing, deciduous tree reaching about 30' in height. At maturity, it has a rounded crown, with a spread equal to or greater than the height. It has compound leaves that give it an overall lacy appearance. The leaves turn yellow before falling. The bark is light gray-brown and becomes furrowed with age. Golden rain tree is perhaps most striking in the fall with its large clusters of showy yellow flowers. These are followed by 2" red-purple seed pods, which are equally dramatic! The fruit is a papery three-compartment, bladder-like structure full of seeds.

CASSIA TREE (*CASSIA SURATTENSIS*)

The Cassia surattensis grows quickly to 12 to 15 feet. Preferring full sun, the cassia tree blooms in spring and fall producing masses of bright gold flower clusters appear on almost every branch, as well as, pea-like pods containing 3 to 5 seeds. This butterfly attractor sports pretty, bright green feather-like foliage in a gently rounded crown year round.
