

Turtle Rock South Gate Key Pad Entry Form

The South Gate Keypad Entry System will permit all owners or residents of the Turtle Rock (TR) community to have two phone numbers stored on the gate keypads for guests to use for access when the south gate is unmanned. Homeowners can continue to use the residents (barcode) lane and will normally have no reason to interact with the keypad.

We encourage you to keep a record of your code numbers once this form is processed by the TR office. Note that these codes will work only at the South Gate.

To obtain keypad codes, please submit the following information to the TR office:

Turtle Rock Address	Date
_____	_____
Name #1	Name #2
_____	_____
Email #1	Email #2
_____	_____
Telephone #1	Telephone #2
_____	_____
Completed by Management	Completed by Management
Code #1 _____	Code #2 _____

HOW IT WORKS

Visitors will enter one of the above codes provided by the owner. The code will ring the corresponding phone number. Owner will answer the phone and be able to talk to the visitor via the keypad intercom. If owner desires to provide entry into TR, the number 6 should be entered on the owner's phone, which in turn will raise the South Gate.
